

**REMARKS**

Reconsideration and allowance of the above-identified application are respectfully requested. Claims 1 and 3-46 remain pending, wherein claims 1 and 24 are amended.

Applicants would like to thank Examiner Dinh for his time and courtesy during the personal interview conducted with the undersigned on January 8, 2008. The following summarizes the issues discussed during the interview.

Claims 1 and 3-46 are rejected under 35 U.S.C. § 103(a) as being obvious in view of the combination of U.S. Patent No. 6,567,800 to Barrera et al. (“Barrera”) and U.S. Patent No. 5,937,163 to Lee et al. (“Lee”). This ground of rejection is respectfully traversed.

Independent claims 1 and 24 are amended to recite “initiating saving of a content of an Internet page displayed by a browser in response to one click of a single button displayed on the browser.” As agreed during the personal interview, Barrera and Lee each do not disclose or suggest initiating saving in response to a click of a “button displayed on the browser.” Accordingly, it is respectfully submitted that independent claims 1 and 24 are patentably distinguishable over the combination of Barrera and Lee. Claims 3-23 and 25-46

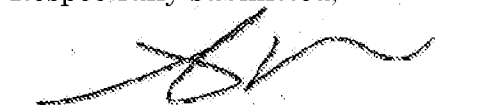

are patentably distinguishable at least by virtue of their dependency from claims 1 and 24. Accordingly, it is respectfully requested that the rejection of claims 1 and 3-46 be withdrawn.

If there are any questions regarding this amendment or the application in general, a telephone call to the undersigned would be appreciated since this should expedite the prosecution of the application for all concerned.

If necessary to effect a timely response, this paper should be considered as a petition for an Extension of Time sufficient to effect a timely response, and please charge any deficiency in fees or credit any overpayments to Deposit Account No. 05-1323 (Docket #103251.58981US).

Respectfully submitted,

January 9, 2008
